

School Board Asks For Recreation Commission

Lemon Grove school board this week voted to submit an application for the formation of a recreation commission to the county board of supervisors.

Such a commission would be eligible to accept funds, expressly sales tax subventions, from the county.

The application will be accompanied by seven petitions signed by 577 residents. The petitions were circulated by Mrs. Paul Louer, publicity chairman of the L.G. Swimming Pool Association and Dr. Robert Burns, vice president of the same organization.

Bert Betts, board member who presided in the absence of chairman of the board Channing Mason, said that the size of the commission would be decided at future school board meetings. The membership, he indicated, should be made up of persons interested in youth activities and recreation for youth. The board unanimously agreed that no board member should serve on the commission. The commission will serve as an advisory group only and be responsible to the school board of trustees, if the board of supervisors concurs.

At stake is \$60,000 sales tax money annually which represents the amount resulting from one half of the full cent increase which the supervisors invoked in unincorporated areas October 1st. At that time sales tax was raised from 3 to 4 cents per one dollar spent.

David W. Bird, supervisor of the district in which Lemon Grove lies said "If the residents of Lemon Grove want the money for recreation I'll vote to get it for them."

Bird said that he would request a supervisorial hearing after the request is formally handed in.

Sales tax money has been accumulating since the increase in sales tax took place in unincorporated areas. It cannot be dispersed until it is budgeted. Budget period is in July.

It is estimated that the nine months will produce \$45,000 for Lemon Grove use.

GRAND JURY GETS RECORDS

Three cartons of records of the Valley Center Municipal Water District were delivered Tuesday last to the grand jury, which is investigating operations in the water district. The jury held a hearing at Valley Center last week on complaints made by a taxpayers group in the area.

The Mountain Taxpayers' Association has a branch at Valley Center. General Wm. J. Miller, president of the Mountain Taxpayers, told a reporter for The REVIEW Thursday that his group was not concerned with this investigation, but was watching developments.

Policing would be tied in with the present La Mesa department.

Swimming Pool Gets \$200 from Chamber

The Lemon Grove Swimming Pool Association is enriched by more than \$200, this being the amount contributed by the Lemon Grove Chamber of Commerce as part of the proceeds from the annual Lemon Grove Rodeo.

In the photo are Frenchy Faucher, Lemon Grove postmaster, accepting the check from W. Earl Smart, local attorney, chamber board member and co-chairman of the chamber rodeo committee. Center is Bruce Harms, president of the chamber.

Cheaper To Annex To La Mesa Says Councilman Nagel

Lemon Grove would enjoy a lower tax rate as part of the city do the job, he said. The local fire department would not be dissolved and a lower insurance rate would follow a joining of the departments. This would amount to \$13 to \$15 a thousand reduction in the business section, he said.

He spelled out a tax rate of \$8.54 for Lemon Grove if it annexed to San Diego. The rate would be \$7.80 as part of the city of La Mesa.

Carrying a double school tax load contributes to the difference between the two rates, he pointed out. Local current county tax rate is approximately \$7.

"Closer relations already exist between La Mesa and Lemon Grove than between Lemon Grove and San Diego," Nagel told the Men's Club.

Morris Hayes, MD will be present at the Men's Club this week.

Dr Hayes is chairman of the Planning Commission of the newly incorporated city of Imperial Beach.

He spearheaded the movement which successfully formed San Diego County's newest sixth class city.

said. "As a co-partnership with La Mesa, you would enjoy the benefits that could not go with being a small stockholder in a huge corporation.

Loss of identity would not follow annexation to La Mesa, Nagel pointed out. Lemon Grove would remain as such, sharing in the election of councilmen and having a proportionate share in the government. Lake Murray Manor and North La Mesa have not lost their identity because of annexation to La Mesa, he pointed out.

Under the cover of a sixth class city, improvement of Broadway would be virtually assured, Nagel said. Broadway is an acknowledged main thoroughfare and would be eligible for gas tax aid. This aid now amounts to approximately \$7 per capita.

The elementary school district estimates its population at 22,000 persons. This would mean \$164,000 would be available for this project without additional tax cost to local residents.

Policing would be tied in with the present La Mesa department.

Twelve Named To Run For Chamber Posts

Four new members will be elected to the board of directors of the Lemon Grove Chamber of Commerce for a three year term starting January 1.

Election will be held jointly with the annual meeting Tuesday, December 4 at the Homeland Justice Courtroom. Ballots will be mailed November 30.

Nominated as candidates are the following:

Marshall Adams, Morrison-Adams, Jewelers.

Bertha Berquist, Marsi's.

Peter Chappelle, retired.

Dr. Thayer Crow, Physician and Surgeon, D.O.

John Dail, Insurance.

Jack Durham, Insurance.

Norman Flannery, Lemon Grove Tire Company.

George H. Harnish, retired.

John Hatz, Sprout-Reitz Company.

Ernest Newton, Lemon Grove Stationers.

Ted Skelley, The Highlander.

Jim Spears, Spears Ford Company.

Burning Banned In Lemon Grove

Burning permits in the Lemon Grove fire district have been cancelled until the current dry spell is broken, it was announced this week by Lemon Grove Fire Chief H. Hensley.

Previously burning was restricted to specified hours but it is banned altogether now.

Scientific Expedition Awards To Be Given to Sixth Graders

There may be a couple of Alber Einstein's in the Lemon Grove Schools.

If there are, he or she will have a chance to show his scientific ability soon when 80 pupils from the sixth grades of four Lemon Grove Schools take to Palomar Mountains for a five day scientific expedition.

The pupils will visit Palomar Observatory, the Palomar Museum, the Palomar weather station and the microwave station December 3rd through 7th. When they come back to school they may enter a contest for cups and plaques to be contributed by local organizations. It will be the First Lemon Grove Elementary School Palomar Scientific Expedition.

Supplying the awards will be the Lemon Grove Jaycees, the Lemon Grove Kiwanis Club, the Lemon Grove Lions Club and the LEMON GROVE REVIEW and public presentation of the awards will be made.

To be eligible pupils will prepare a paper telling about the scientific apparatus they observe while at Palomar. The contest will close Thursday, December 13, six days after their return.

Mrs. John H. Jensen, publicity chairman for the San Miguel PTA has been asked to co-ordinate the activities of the award presentation with other PTA groups.

It will not be all work for the youngsters although they will receive full academic credit while on the trip. There will be hikes, cook-outs and play in the snow (it is hoped).

The students, together with their bags and bed rolls, will travel to Palomar by bus. In addition to the science program, there will be studies. These will be outdoors if the weather permits. An alternate indoors program has been planned.

Craft work in a Craft Shop, plants to tend in a Nursery and fishing in a nearby lake are on the agenda. If it snows, some of the students will learn about skiing and tobogganing for the first time. Being in Indian country, Palomar will offer study of In-

dian lore. Nearby Rincon Springs, an early California stage coach stop on the Arizona-California travel route, will provide lessons in history.

Winners of the contest and dates the awards are to be made will be given later.

THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

Six matters were set for hearing by the board of supervisors on Nov. 20. The meeting was held in the supervisors' chambers, though workmen were busy tearing off the roof above the third story, and considerable noise reverberated from the trundling of heavy material, which was wheelbarrowed, on rubber tired vehicles, to a chute and dumped into a waiting truck on the ground.

The city council chambers will probably be borrowed next week while the \$80,000 job of altering the architecture is completed in three months.

In the tax collector's office on the ground floor, the noise was deafening, and patrons had difficulty in explaining their differences to the patient clerks, who had all the answers, or if they didn't, the customers were sent across the hall to the assessor, who made the error in the first place and is the only official who can correct or explain it. There is much less noise in the assessor's department, also.

First on the list of hearings set was opening of bids for the lease of Building 46 at Gillespie Field, Sante.

Second, open bids for the sale of Sweetwater Union High School Bonds, 1956, par value \$870,000.

Bank of America got 'em, bidding 4.2399%. There was only one other bidder, Delavan Dickson figured the bids.

Third—Time reserved at 10:30 to hear Ellis Grover, et al concerning the proposed acquisition of property in Fallbrook area for extension of Live Oak Park.

Prospects didn't look bright for Mr. Grover. Board indicates that we are getting a good many parks,

time to slow down and get our breath and a little more tax money.

Fourth—Time reserved for appearance of W. Earl Logan, councilman of city of La Mesa as a member of the board of directors of Fletcher Hills Sanitation District.

Fifth—Time reserved 11:15 to hear Floyd Mitchell, et al regarding flood control for Escondido Valley.

The boys up there are lookin' ahead. Mebbe we'll get some rain next year. The federal government may be called on for aid in this matter. Takes a lot of preliminary surveys and things. Have to have another meeting with the Escondido boys.

Sixth—Hearing at 11:30 on proposed amendments to Ordinance 1126 (New Series), the electrical code ordinance.

Rites for Charles Violante, son of Mr. and Mrs. Andrew Violante of 711 Encinitas Avenue, Lomita Village, were held in the mortuary chapel on Friday. There are two surviving brothers, Robert and Anthony, and a sister, Charlene. Both youths were Explorer Scouts.

Full Program Set for Church Bazaar

The annual Church Bazaar of the Lemon Grove Congregational Church will be held Saturday at Friendship Hall, Church and Main Streets.

Beginning at 10 a.m. there will be offered for sale beautiful hand made goods, such as quilts, rugs, doilies, etc. Homemade candy and cakes, jams, jellies and pickles will be sold at various booths. Just in time for Christmas giving, the This-and-That booth will have doll clothes, novelty purses, leather marble pouches and other items. These are all priced low enough for fit a child's allowance budget.

In downstairs Friendship Hall a rummage sale will be in progress throughout the day. Here will be offered for sale clean, wearable rummage that has been outgrown, or dicted out of as the case may be. There may be just the thing you need. Remember, one woman's rummage may be another gal's winter wardrobe.

No need to stop browsing at lunch time. A pick-up lunch will be offered from 11:30 until 1 p.m. In the evening hot dogs will be sold for those with the heartier appetites, but for the dessert-minded diners, the ice creams and pie social will be just the thing.

For an evening's fun, the Lemon Eighters have loaned their popular caller, Stan Bryan, who will sound the call to "square up" at 8 sharp. During intermission dancers may purchase pie and coffee. The dance will be a fitting climax to a big church event.

DON'T BE SCARED

Simulated Earthquake Here Nov. 29

A simulated major earthquake here Nov. 29 will be the basis of a training exercise for civil defense and Red Cross personnel in the San Diego area, according to Roy E. Butler, San Diego civil defense coordinator, so don't get scared.

Butler said the quake will be assumed to be of intensity 10 on the modified Mercalli scale, considered capable of major damage. The public will be excluded from the exercise.

The training project will call into action all Southern California civil defense control centers and Red Cross chapter headquarters.

Butler said the exercise will be based on experience in the 1906 San Francisco quake and those of 1933 in Long Beach and 1952

at Tehachapi.

San Diego county has never suffered a disastrous shake. About 1912 a tremor shook down a few chimneys in Coronado. The San Andreas fault was blamed for that and other shakes. Imperial Valley has lots of quakes.

Fred Robinson, who has a seismograph at his home on Point Loma, keeps track of recordings of the instrument, and reports any shake, however slight. However, the operation on Nov. 29 will be make-believe.

Lemon Grove Man Awarded \$150 for Traffic Signal Idea

Frank Brunner, 2618 Sheri Lane, Lemon Grove, a highway traffic signal technician for the state division of highways, has been awarded \$150 under the state merit program.

The cash award, made by Jacob Dekema, district engineer,

Lemon Grove (Calif.) REVIEW
Page 2 November 29, 1956

was given to Brunner for his modification of a traffic signal controller. The modification is expected to save the state \$62,000 a year.

The modification involves a left turn signal which controls the green light of a three-way signal by the number of cars desiring to make the left turn, instead of a fixed time limit.

The \$150 is the highest cash award available to state employees under the merit suggestion program, Dekema said.

VALLEY CENTER TO HAVE BURNING DUMP

A burning dump to serve the Valley Center and Pauma Valley areas has been approved by board of supervisors and a 12-acre site, owned by Cleland Rice of Valley Center, has been leased for three years at \$30 a month.

A dump formerly used in Valley Center has been closed for several months, and civic groups have asked for a new place to dispose of their trash.

Now, real
medicated help for your
troubled skin!

by Margaret Herbert
Director of Dorothy Gray Salons

I have wonderful news for you! Dorothy Gray scientists have developed a new medicated treatment to provide effective help towards clearing troubled complexion. It's called the MEDICATED SCRUB SET and the whole treatment takes just 3 easy steps:

1. You probably know that good skin depends first and foremost on a thoroughly clean skin . . . thus, the first step is to lather on Medicated Scrub Soap. (Massage your face with your fingers in upward and outward strokes for 3 minutes.) Made with Oatmeal, it has an amazing ability to stimulate while purifying . . . to rout out every trace of clogging dust, hardened oils and stale make-up. Really helps force out blackheads which might lead to blemishes, if neglected.

2. Next, put on cooling, bracing Medicated Refining Lotion. It gets at an important cause of many a troubled skin . . . bacteria! Also helps reduce the appearance of ugly pores . . . refines your skin to a smoother, lovelier look.

3. Last and essential step: Medicated Blemish Cream! Apply just before you retire. It works while you sleep to soothe and heal . . . rewards you in the morning with a softer, clearer face.

If you use this MEDICATED SCRUB SET conscientiously it will really pay off . . . with a complexion you'll be proud of!

for
beauty
the modern
way

WHAT'S DOING

Don't open till Christmas!

But you can sure put additional telephones—and in color, too—on your Christmas shopping list right now. They're an ideal gift and what's more, they're easy to order. Just call us and we'll deliver, fancy-wrapped and ready for the Christmas tree.

Just picture Mom here in the kitchen with a handsome ivory wall phone at her fingertips. The kitchen is a room she uses a lot so she'll appreciate a handy phone. She has beauty and convenience for \$1.00 a month after one installation charge. Mom might also like a neat spring cord in a shade that complements her color phone. Another gift idea is an illuminated dial phone that makes calling easy in the dark.

Or here's Dad in his den. No need for him to hurry through the house to answer the phone. He's got an additional phone in the room he uses a lot. They come in eight exciting new colors—as well as attractive two-tone combinations—to harmonize with the room's decor. Other gift ideas for Dad might be a hands-free speaker-phone or an answering and recording set that takes messages when nobody's home.

For more gift ideas for family and friends, the place to look is in the Yellow Pages of your telephone directory. You'll find help fast because Yellow Pages suggest gift ideas as you leaf through and note page headings. You quickly find where to buy that gift and you have the all-important telephone number of the place that sells it. Use the Yellow Pages for your Christmas shopping. They're your handiest shopping guide. Pacific Telephone.

"BLACK FOREST" 400 day CLOCK

ANNIVERSARY CLOCK, REGULAR SIZE:
8" x 12". Dial 3 1/2".
SMALLER SIZE: 9 1/2" x 6 1/2"

* Runs for over a year with only one winding. Hand painted decorative dial. High polished brass finish. The adjustable base and locking device are the very latest improvement and eliminates unnecessary manipulations to hang up the weights which cause, in many cases, the breakage of the suspension spring.

Mike Roehm Making Slow Recovery: Keeps Cheerful

A card was received Monday from Mike Roehm, Lemon Grove boy and Helix High graduate last June, who was stricken with polio several weeks ago.

Mike is in Children's Hospital and is making good progress towards recovery. He says "Not too much happening around here lately except for a false fire alarm which brought out three fire trucks."

As for myself, I still go into the therapy pool in the morning and have started working out on the mats in the gym (rolling, lifting weights, etc.), in the afternoons.

noon. My doctors have ordered a brace for my left leg. Happy Thanksgiving to you and the REVIEW staff. Mike Roehm

Cub Scouts to Have Bake Sale

Cub Pack 171 of the Trinity Presbyterian Church will hold a bake sale at the Food King Market on Campo Road Saturday, December 8 from 9 a.m. to 2 p.m. On sale will be bread, rolls, cakes, pies and candy. All the baked goods will be donated by parents of the Cubs.

Proceeds from the sale will go towards a Christmas party for the pack.

Jaycees Smoke Cigars At Board Meeting

The Lemon Grove Jaycees were smoking cigars at the board meeting last week because of the notable accomplishment of one of the board members. The member, Carl Herder, became a first time father.

Carl, in concert with his wife Peggy, became parents of an 8 pound, 14½ ounce baby boy November 20 at Quintard Hospital. The boy, named Carl Allen, was 21 inches long. "Almost as big as his mother," Herder said.

The couple lives at 7486 Pacific and the poppa is a draughtsman with National Steel Company. The mother is a former Helix High School student.

Roland Pair to Preside Over Baptist Men's Council

Roland Pair of Bonita Street, Casa de Oro, was elected to preside over the Spring Valley First Baptist Church Men's Council last Friday night, November 16. The election followed the monthly Men's Council dinner held in the church hall.

Others elected were Ralph Whitman, vice president; Clay Smith, secretary; Norman Fields, key man. Fields is outgoing president.

DIVINE SOLUTION TO HUMAN PROBLEMS TOLD BY LECTURER

"Christian Science: The Divine Solution to Every Human Problem" will be the subject of a lecture to be broadcast over Station KFWB (980 kc), Friday evening, November 30 at 8 o'clock, from Fourth Church of Christ, Scientist, Los Angeles. The lecturer, Jules Cern, C. S., of New York City, is a member of The Christian Science Board of Lecture-ships.

The Dimmer View

The other day when Mrs. James Martin, program chairman for the Lemon Grove Woman's Club Juniors asked me to talk to her group on the subject of "Youth, Our Community's Future," research for the talk led me to Dr. Smith Jacobs who is director of pupil personnel for San Diego County schools.

Dr. Jacobs had made a talk on youth at a meeting of the San Miguel PTA earlier in the month and I was impressed by his approach to the never-ending problem community leaders face in viewing youth projects.

A point Dr. Jacobs drove home was from a study that had been highlighted at an educational seminar earlier in the year at Fresno in which it was shown that today's father spends an average of seven minutes a week with his child on the child's problems.

This revelation intrigued me because newspapers have always been targets for criticism due to the erroneous belief that a preponderance of news space is devoted to stories of delinquent youth. Critics seemed to believe that newspapers, rather than "seven minute" parents were major contributors to juvenile delinquents.

Lawlessness is always good newspaper copy because newspapers deal in new and unusual events. It is not true that newspapers fail to publish accomplishments and good deeds of youngsters. The latter are not dramatized, and consequently do not remain in the mind of the readers. Just for the heck of it I tried to recall circumstances of a prize-winner in a speech competition. Nor could I call to mind details or names of other youngsters who had gotten top grades at school, who had outstanding ability to dance, sing, spell or write a paper.

Conversely, I was able to readily recall the details of an affair in which a youngster threw a wine bottle through the window of his girl friend's neighbor earlier this year, or the angry testimony of some residents of Monterey Heights concerning a teenage nuisance.

We have a young man hereabouts who has dedicated his life to the support of his aged and widowed mother. He works evenings and early mornings to do it. The only time we carried a story about him was when his bicycle was stolen.

The same set of newspaper principles apply to adults as well as youths. Many men support their family to the limit of their ability; are pillars of the church and lead a quiet, law-abiding life. The only time you read about them is when the obituary notice is published. Compare him with the fellow who gets caught in the closet of his neighbor's wife.

Not much guidance can brush off on one's progeny in seven minutes each week. Little wonder some of our youngsters have a rather dim beacon to guide on.

A study conducted by Dr. George Porterhouse, a Texas sociologist, had to do with a group of his college students. Five per cent of his students admitted they had committed youthful crimes, some against property and some against person. It was not ascertained whether or not their parents spent more than seven minutes a week with them on their problems.

Seven minutes a week is considerably less time than the average pet owner spends training his dog or parakeet. A dog owner would be laughed out of a meeting if he publicly announced he was trying to teach his cocker spaniel to heel with seven minutes a week practice.

Members of service clubs dedicate themselves to at least one meeting a week and proudly wear lapel pins showing how many years they have spent an hour and a half to two hours at each of these meetings. These service clubs, in every instance, emphasize work with youths. It is incongruous then that so much time is spent on projects and so little time is spent on the young human.

There are good juveniles and they're in the great majority, but like good adults, good schools or good officials, you seldom hear about them. Good humans, adults and good citizens become such in spite of the small amount of time it is said we spent on them when they were juveniles.

It's the occasional bad one, the estimated one out of twenty, which focuses attention on the rest.

Hoover Upsets Highlanders, 21-13; Break Halftime Tie

What can one say? Hoover was just the better team than the Highlanders. There was no shame in dropping the 21-13 supposed upset to the powerful Cardinal forces, although I was a mite surprised to see Hoover outplay Helix so much.

Aztec bowl was filled to capacity last Friday night for this exciting first round SCIF football playoff between the City and Metro league champs. As coach Tom Weilbaum of the green 'n gray squad stated, "Hoover was just a TD better than ourselves." Hoover coach Roy Engle said "Our boys were 'up' for the game like the time we beat San Diego." This year's battle certainly overshadowed last year's 26-0 slaughter handed to the Spartans of Chula Vista by San Diego High School.

The game in figures statistics was about even. Hoover made the most first downs (16), more passing yards (110), completed more passes (8), intercepted two passes, punted less (2), and was penalized only 20 yards. Helix gained more ground yards (209), attempted more passes (18), punt further (26.7), and lost fewer fumbles (1).

Scoring for Helix was halfback Ron Palermo who took a lateral from end Gail Barstott, on a pass, and outraced the Hockerville secondary for 59 yards. End Pat Brown snagged a 10-yard bullet pass from quarterback Bob Schultz for the other six-pointer. Gary Dunn kicked one conversion.

Victory in football, as usual, lies in the line's ability to open the holes offensively and keep their own holes closed defensively. Hoover outplayed Helix's

Women's Auxiliary of Grossmont Hospital Entertains the Press At Luncheon

Monday, November 19 will linger long in the memory of this scribe.

The Women's Auxiliary of Grossmont Hospital "cordially invited members of the press to a Thanksgiving luncheon," and I was handed the assignment. The invitation had RSVP down in the lower left hand corner, and I knew what that meant, so I put my name in the pot by phoning Mrs. Given Baker.

While I have been a La Mesa resident for nearly 20 years, and voted against the hospital bonds—didn't think we needed a hospital hereabouts—I freely confess that I was wrong, as events have proved since Grossmont Hospital has been built and in operation.

For a year I have been transcribing reports of "births at Grossmont" and ignoring the other activities in surgery and medicine.

The tax rate for the hospital district was set first at 20 cents per \$100 valuation, which meant \$6 per year from me. This year the tax rate has been cut in two, indicating good business management at the hospital and satisfaction to taxpayers.

For one reason or another, I had neglected visiting the hospital until the invitation to luncheon brought me right up to the

AREA NO. 36—HARDY DRIVE R.I.D. NO. 6006

NOTICE INVITING SEALED PROPOSALS

Pursuant to the provisions of the Improvement Act of 1911 and to RESOLUTION ORDERING WORK AND FIXING PREVAILING WAGES AND RESCINDING RESOLUTION ORDERING WORK AND FIXING PREVAILING WAGES ADOPTED SEPTEMBER 11, 1956, which was adopted on November 13, 1956 by the Board of Supervisors of the County of San Diego ordering the work described in said Resolution.

NOTICE IS HEREBY GIVEN that said Board of Supervisors invites and will receive up to but not later than 11:45 o'clock a.m. of the 11th day of December, 1956, sealed proposals or bids for doing the work and improvement ordered in said Resolution, to wit: Grading, paving and installation of curb in ROAD EASEMENT, LOT 2 of LEMON GROVE ADDITION NO. 1, commonly known as HARDY DRIVE et al., Area No. 36, Road Improvement District No. 6006, in the unincorporated area of the County of San Diego. Such bids will be received in the office of the Clerk of said Board of Supervisors, Room 306, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and shall in open session of said Board of Supervisors be publicly opened, examined, and declared.

The Resolution of Intention adopted by said Board of Supervisors on August 21, 1956 is hereby referred to for a description of said work and improvement, the grades to which it is to be done, a description of the district to be assessed to pay the costs and expenses thereof, the bonds to be issued, and for all further particulars contained in said Resolution of Intention. Reference is hereby further made to the plans, drawings, typical cross-sections and specifications for said work on file as Document No. 199647 in the office of the Clerk of said Board of Supervisors, in accordance with which said work shall be done.

These proceedings are subject to possible validation litigation.

Copies of plans, forms of proposal, bonds, contract and specifications may be obtained at the office of J. H. Mack, County Surveyor, Room 014, Civic Center, 1600 Pacific Highway, San Diego, California, upon deposit of \$10.00, which will be refunded upon their return in good condition within 30 days after the opening of bids.

The said Board of Supervisors, in accordance with the provisions of the Labor Code of the State of California, has heretofore established the general prevailing rates of wages applicable to the work to be done, which rates are as follows:

CRAFT OR TYPE OF WORKMAN	PER DIEM WAGE
Carpenter, Journeyman	\$24.00
Cement Mason and Cement Mason Roller Screed Operator	23.40
Reinforcing Iron Workers	24.00
Laborers, General or Construction	18.40
Concrete Mixer Operator—Skip Type	21.92
Motor Patrol Operator (Any Type or Size)	25.68
Rubber-tired Heavy Duty High-speed Equipment Operator: Oshkosh, DW, Euclid, Tourneau-pull, LaPlante Choate, or Similar Type, with any type attachments	25.68
Tractor Operator: Bulldozer, Tamer, Scraper and Push Tractor	24.40
Universal Equipment Operator (Shovel, Back Hoe, Dragline, Derrick Barge, Clamshell, Crane or Pile Drive)	26.40
Drivers of Dump Trucks of less than 4 yds. water level	19.24
Drivers of Dump Trucks—4 yds, but less than 8 yds. water level	19.48
All classification omitted herein not less than	18.40
OVERTIME AND HOLIDAY WORK:	
Not less than one and one-half times the above prevailing rates of per diem wages shall be paid for overtime work and for work on the following legal holidays: All Sundays, January 1, May 30, July 4, Labor Day, November 11, Thanksgiving Day and December 25, with the modification provided by Section 6701 of the Government Code.	

The said Board of Supervisors reserves the right to reject any or all bids, and to waive technical errors and discrepancies, if to do so seems to best serve the interests of the County of San Diego.

Bidders must satisfy themselves by personal examination of the location of the proposed work and by such other means as they may prefer as to the actual conditions and requirements of the work, and shall not at any time after submission of the bid or proposal dispute, complain, or assert that there was any misunderstanding in regard to the nature or amount of work to be done.

All proposals or bids offered shall be accompanied by a certified check payable to the order of the County of San Diego, or a bond, as is required by law, for an amount not less than ten per cent (10%) of the aggregate of the proposal.

Dated: November 13, 1956.

HELEN KLECKNER,
Clerk of the Board of Supervisors
of the County of San Diego, Room 308,
City and County Administration Building,
1600 Pacific Highway, San Diego,
California.

L.G. Review Nov. 22 & 29, 1956.

Lemon Grove (Calif.) REVIEW Page 6 November 29, 1956

table. The new road up Jackson Street is perfect, ample parking space is available, and the beautiful building in a lovely setting, with a view unsurpassed, was ample reward.

Sizzilicious steaks were the piece de resistance, flanked with vegetables, and three kinds of dessert were there for selection. The hospital sure has a good cook. Taples were set at the south end of the room, overlooking the grounds to the west. (The plans are to build an addition on this section pretty soon. Hospital is becoming cramped for room.)

The Women's Auxiliary of Grossmont Hospital is largely responsible for the securing of this institution in this area. Federal and state funds aided in construction, and the auxiliary started the ball rolling and kept it going till the hospital was built and operating.

The auxiliary, with more than 600 enthusiastic and working members, raised money for the landscaping of the grounds, which was expensive. Various members give a regular portion of their time to the hospital, some raise money for various projects. When 600 women get behind a project, it is sure to go over.

Mrs. John Terhorst, vice-president of the auxiliary, kindly escorted me on a tour of the hospital, with a peek into the laboratory and pharmacy—we passed up the maternity wards—and a glance into the business office. Dr. Peelyon invited me to come over any time, sick or well.

Among the projects carried out by the auxiliary may be mentioned, besides the landscaping, purchase of extra surgical instruments, special patient admittance system and other incidentals—D. H.

Cooks Wanted By State for Institution Work

Cooks experienced in large scale food preparation and supervision of culinary employees are needed in state institutions throughout California. Women as well as men may qualify.

The position pays \$310 to \$376 a month, and entitles the employee to full civil service benefits.

Other state examinations are: Counselor, School for the Deaf, \$325-\$395; Associate Engineering Geologist, \$584-\$710; Weighing and Measuring Equipment Inspector (liquefied petroleum gas) \$358-\$436; Supervising Nurse I, \$376-\$458; Correctional Classification Officer III (women only), \$481-\$584; and Assistant Steel Inspector, \$481-\$584.

Application forms and detailed information are available at Department of Employment offices on Columbia Street.

Coordinating Council to Receive Trophy

Of interest to the coordinating councils around the county is the announcement by the County Coordinating Councils that a committee has been set up under the chairmanship of Frank Curran to obtain an appropriate trophy which will be awarded each year to the community coordinating council which does an outstanding job of community service.

The details will be announced as soon as the actual trophy has been selected. The County Coordinating Councils would, however, like to encourage all councils to begin now compiling a yearbook which can be turned in at the conclusion of the current year as a basis for judging the group's record.

He Is

A bigamist is a fellow who makes a terrible mistake and then makes another without correcting the first.—The Bluejacket, Memphis, Tenn.

EL CAJON HIGH STUDENTS TOUR CLEVELAND NATIONAL FOREST

Fifty-eight El Cajon Valley High School science students took a field trip into the Cleveland National Forest recently. Under direction of Lloyd Britten, George Roether and Ed Heiman, district rangers, the group traveled by bus.

At the first stop on the trip, the Descanso ranger station, the students saw equipment and heard Ranger Britten identify the trees of the area. Then the group went on to wooded hills in the Laguna recreation area of the Cleveland National Forest. Here, they saw fire fighting equipment and tramped a mile or so of forest. In line with the unit on forestry economy their classes are studying, the students were shown the watershed and heard what the deer population does to the forest.

Miss Edith Curry, biology teacher, accompanied the group.

Reading books is not always easy but it's better than making mistakes through a lack of information.
